TREVOR KING

CAD Technician & 3D Visualization

Highlands Ranch, Colorado 80126 | (321) 684-2214 | trevor.king@ideapointcreative.com
linkedin.com/in/trevor-king-0744a0186 | U.S. Air Force Veteran

PROFESSIONAL SUMMARY

CAD Technician & Designer at Kimley-Horn with 2+ years producing civil, roadway and transit construction documents in Civil 3D and AutoCAD, now focused on 3D visualization. Turns engineering data into 3D models in SketchUp, 3ds Max and Revit, and renders them in D5, Enscape, Lumion and Twinmotion. Has led project drafting work, splitting tasks across the team and reviewing output to hit deadlines. Air Force veteran with years of leading and training teams. FAA Part 107 drone certification in progress.

SKILLS

- **3D Modeling:** SketchUp, 3ds Max, Revit, Civil 3D
- **Rendering & Visualization:** D5 Render, Enscape, Lumion, Twinmotion
- **Engineering Data to 3D:** Bringing DWG/DXF linework into 3D (curb and gutter, pavement striping, site elements), building context models from aerial imagery and Google Earth measurements, model cleanup and face-count reduction
- **Civil & Drafting:** AutoCAD, Civil 3D roadway and transit design, construction documents, drafting standards, QC
- **Project Leadership:** Leading project drafting, dividing and assigning work, reviewing team output, training and mentoring
- **Emerging Tools:** Drone shot planning, AI-assisted modeling and scripting workflows

WORK HISTORY

CAD Technician & Designer Aug 2024 – Present
Kimley-Horn *Greenwood Village, CO*

- Produce complete drawing sets in Civil 3D and AutoCAD for civil, roadway and transit projects, translating engineering input into accurate, buildable construction documents.
- Led drafting on a project team: split sheet production across team members, set priorities, and reviewed work to meet submittal deadlines.
- Build 3D models from project CAD data, including curb and gutter, pavement striping, site furniture and building context, and render them in D5 and Enscape for project presentations.
- Apply company drafting standards, file standards and quality checks across multiple business lines.

Shift Lead Aug 2021 – Aug 2024
Yampa Sandwiches *Fort Collins, CO*

- Led shifts, trained staff on procedures, and kept the team organized and on task while completing a CAD degree.

United States Air Force Jan 2016 – Jan 2021
Shift Supervisor, Lead Chef, Sports Director *Great Falls, MT*

- Supervised teams serving 150–200 people per meal and enforced safety and quality standards.
- Ran operations independently at remote missile alert facilities in a high-accountability environment.

EDUCATION & CERTIFICATIONS

Associate of Science, Computer Assisted Drafting (CAD) & Architecture 2024
Front Range Community College *Fort Collins, CO*

- **FAA Part 107 Remote Pilot Certificate** (in progress)
- **Autodesk AutoCAD Certified User** – Autodesk (2024)
- **Certificates:** Revit, SketchUp and Basic Computer-Aided Drafting – Front Range Community College (2024); AutoCAD 3D Graphics Mastery – Colorado Community College System (2023)
